Additional Backup Information

Whisper Valley is a mixed-use planned community located in the SH 130 corridor in the City of Austin's Desired Development Zone. The Whisper Valley property (2,062 acres) was purchased by Taurus of Texas Holdings L.P. in June 2006 and is located east of SH 130. The site plan includes approximately 7,500 single and multi-family homes, and more than 2 million square feet of retail and office space. In addition, 700 acres of open space is to be dedicated to the City for use as trails and parkland.

The Public Improvement District (PID) provides the financing mechanism through the apportionment, levying and collection of assessments to support the issuance of debt for the basic infrastructure for the planned community (water, wastewater and roads).

On November 3, 2011, Special Assessment Revenue Bonds, Subordinate Series, in the amount of \$18,485,168.10, and Senior Series, in the amount of \$15,500,000, were sold to finance the infrastructure improvements. Assessments will be used to make the debt service payments on the bonds, fund required reserves and cover administrative costs of administering the PID.

The Service and Assessment Plan covers a period of at least five years and must be updated annually for the purpose of determining the annual budget for improvements and defining the annual assessment, as required by Chapter 372 of the Texas Local Government Code. The Service and Assessment Plan describes the property included in the PID, outlines financing requirements, defines the authorized improvements and associated costs, explains the assessment plan and assessment methodology, defines the terms of the assessments and allocation among land parcels, covers the payment and collection of assessments and explains the assessment roll process. Council approval is required to adopt the annual service plan update.
